NYC Street Team
Nov. 20-21
Four presidential mascots walked the streets of NYC to garner attention. More detail in the pages below.

Social Media
• Consistent posting to SD Tourism’s Twitter and Facebook accounts, both leading up to, during, and after the parade. A new update was posted every 1-2 hours on Nov. 20-21.

• Contracted with Tallgrass PR to assist with pushing out Tweets via their accounts, and post on NYC’s social media influencers’ accounts.

• Developed a video prior to the campaign to build excitement regarding the Presidents’ trip to NYC. This was posted to SD Tourism’s YouTube channel and featured on the homepage of TravelSD.com.

This video was viewed 551 times on the TravelSD YouTube channel.

Mascots
The Rapid City CVB graciously allowed the Department of Tourism the use of their four presidential mascots. So, in celebration of Mt. Rushmore’s 70th birthday, we took the mascots to New York City Nov. 20-21 to promote Tourism’s presence in the Macy’s parade, as well as South Dakota as a whole.

The response to the mascots was phenomenal – everywhere they went, people wanted to stop to take photos. In a report compiled by Event Pro Strategies (hired to manage the street team efforts),

“As soon as everyone noticed the Presidents, people just went crazy. Asking questions and wondering why the Presidents were in New York City.”

Where did the Presidents go?
- Macy’s at Herald Square
- Bryant Park
- Radio City Music Hall
- Rockefeller Center
- Times Square
- Little Italy
- FAO Schwartz

Social Media Engagement
In addition to sending potential visitors to TravelSD.com to register for the vacation giveaway, we encouraged those taking photos to post to their personal social media channels. This information was printed on the reverse side of the collateral material.

It’s impossible to track every social media conversation that included the Presidents or the float. However, we know thousands of photos were taken and shared online with tens of thousands more.

Tallgrass PR
The Department of Tourism hired Tallgrass PR to help with garnering earned media during our street team efforts. Utilizing their NYC media contacts, they went to work trying to get the mascots on a news, daytime or late-night comedy show.

We were unable to secure a show, but we did learn a lot about finicky show hosts in the process. For example, The View was happy to have us on their show, if we provided a free vacation for each of its 200+ audience members.

Tallgrass PR also helped amp up the excitement for our mascots prior to their arrival via Twitter, as mentioned above under “social media outreach.”

Thanksgiving Day Parade

Mount Rushmore’s American Pride
For the second year in a three-year contract, the Department of Tourism sponsored a float in the Macy’s Thanksgiving Day Parade. The float, entitled “Mount Rushmore’s American Pride,” rolled down the streets of New York City on Thanksgiving Day, in front of roughly 3.5 million spectators streetside.

Estimated Audience
- Live spectators: 3.5 million
- NBC viewers: 50 million
- CBS viewers: 10 million
**TOTAL:** 63.5 million

Neil Diamond
The Department of Tourism was extremely pleased to have Neil Diamond atop the Rushmore float in the 2011 parade. Not only did his singing of “America” resonate with the float and the general feel of South Dakota, but his fame and popularity elevated South Dakota’s float throughout the media. (Earned media stats appear later in this report.)

Float Sponsors
- BHBL Tourism Association
- Black Hills Power
- Mount Rushmore Society
- Rapid City CVB
- Reptile Gardens
- Sioux Falls CVB
- Wall Drug

NBC Exposure
The contract with Macy’s includes 90 seconds of airtime on NBC when our float rolls through the cameras. As Neil Diamond sang, Matt and Ann read from a script that featured information about Mt. Rushmore and South Dakota.

“This slice of South Dakotan culture showcases one of the nation’s most iconic landmarks: Mount Rushmore.”

What we didn’t expect was a celebrity endorsement from Neil Diamond on the Today Show Thanksgiving morning. Neil was quoted as saying,

“The Black Hills are my spiritual home…”

Web Traffic
As a result of the tremendous exposure the float garnered, the Department of Tourism noticed a spike in web traffic on Thanksgiving Day.

Mount Rushmore page on TravelSD

- 7,641 page views between Nov. 19-Dec. 1
  - Up 656% over 2010

- 6,525 unique page views between Nov. 19-Dec. 1
  - Up 695% over 2010

These large percentage increases are especially impressive, since parade efforts drove additional traffic to TravelSD.com in 2010 as well.

Social Media – Radian 6 – 11/13-11/30

Utilizing Radian 6 to monitor parade-specific keywords, the Dept. of Tourism saw a spike in social media mentions immediately following the release of the Neil Diamond press release, as well as on Thanksgiving Day.

Unfortunately we still weren’t able to pull all mentions due to a complication with Facebook’s API between Radian 6 and privacy settings.
